### Substitute neck profile from standard:

**Modern Classic** - 1 11/16" nut width with 1 5/8" string spacing allows a generous edge roll for superb comfort without string fall-off. Fairly slim with mild taper from 0.820" at 1<sup>st</sup> fret to 0.870" at the 12<sup>th</sup> fret. ORDER CODE: MCNK

**Slim C** - 1 5/8" nut width, slight edge roll, mild taper from 0.820" to 0.870". These specs were part of the #1a neck. ORDER CODE: 1ANK

**Classic C** - This is the profile most G&L fans associate with the post 2000 era. 1 5/8" nut width, slight edge roll, medium taper from 0.830" to 0.960". It starts off fairly slim and gets beefier up the neck. These specs were part of the #1 neck. ORDER CODE: 1NK

**Classic Plus C** - Just 1/16" wider than the Classic C with added string spacing. A good choice for players with big hands who find 1 5/8" a little too narrow. 1 11/16" nut width, slight edge roll, medium taper from 0.830" to 0.960". It starts off fairly slim and gets beefier up the neck. These specs were part of the #3 neck. ORDER CODE: 3NK
